FOOD EXPO Greece is the leading regional international Food & Beverage Exhibition in Southeastern Europe! The 22,000 m² of space, the 580 exhibitors, the 35,000 Greek professional visitors, as well as the extensive turnout of hundreds of important international buyers from 39 countries at the 2nd FOOD EXPO Greece, which took place in March 2015, more than demonstrated the enormous potential of the exhibition. FOOD EXPO Greece is capable of gathering the vast majority of sector businesses and playing a leading role in our Greece's exhibition events! FOOD EXPO GREECE received widespread acclaim from the industry and affirmed the necessity for a large scale international exhibition that not only meets the evolving demands of the domestic market place, but also fully serves the export aspirations of the Greek Food & Beverage sector.

Based on this year's success, FORUM S.A. moves toward organizing the **3d FOOD EXPO**, which will take place between **March 19 and 21, 2016** at the **METROPOLITAN EXPO** exhibition center. Maintaining the same high-quality standards, investing in an even larger marketing budget, utilizing new technologies and applying innovative and decisive strategies in order to promote the trade show worldwide, the 3d FOOD EXPO 2016 will most certainly be an even bigger success as it expected that more than **720** exhibitors will participate while an even greater number of important Greek and international buyers will be visiting.
