In everyday life we are dealing with chemistry in almost everything we eat, drink and even wear. As we all know this causes various diseases and allergies. Nowadays we can observe people back to nature, looking for health and safety. Our mission is to provide the best quality products at an affordable price. We produce for people with allergies and those who just appreciate a healthy lifestyle and want to use natural products. We import raw materials from all over the world and produce cosmetics in Poland, nearby the mountains, in beautiful, green scenery. What makes us different is the simplicity of our cosmetics compositions, by using unrefined oils and vitamin E as a natural preservative. We do not use parabens, harmful dyes and preservatives, SLS/SELS,

petroleum derivatives and mineral oils. We believe that everyone deserves the opportunity to use healthy cosmetics, and those are precisely the natural cosmetics NACOMI.
