DOMINO POLSKA is a family company with extensive experience and second generation of devoted businessmen in charge. We have been working in construction industry for more than 30 years. We believe that we can reach the highest customer expectations and provide the best service possible. Since 2002 we have been among the leading manufacturers and distributors of handles, door fittings and furniture components.

Our handles and door fittings are well known DIY products in Leroy Merlin, OBI and Praktiker. We are looking for a route to develop our products into a UK/European retail and commercial markets. Since years we cooperate as a supplier with business partners from East and West Europe. Thanks to this our products and brands are recognizable also outside of Poland. We are consistently building an image of a respectable and reliable business. This has taught us to find creative solutions to non-standard problems, which is going to come in useful. In 2005 we implemented ISO 9001:2008 Quality Management System in order to achieve those goals. Our new Brand, „LaVita” - sanitary ware & tiles.
