Mutalo Group - an international company from Poland aiming to disrupt the energy drink markets in developing economies with its innovative product - KABISA Energy Drink. The brand's executive team, with over 25 years of experience in the FMCG sector, has received multiple industry awards and nominations, including the fastest growing exporter of 2018.

KABISA is manufactured only from the highest quality European ingredients. Artificial sweeteners? Glucose syrup? Not in KABISA! The only sugar added to KABISA is the natural one sourced from the white Polish beets. The product, being naturally pasteurized, with no preservatives, no aspartame nor sucralose, complies with the standards of Halal, HACCP and IFS Food. To top it off, every can of KABISA is full of vitamins such as B2, B3, B5, B6 and B12!

KABISA has already succeeded on more than 20 developing markets and is ready to enter markets from all regions of the world. That is why we are looking for distributors with rich distribution network and an audacity to act differently than everyone else in Grecja.
